ATTN OF EM-45 (C Gesalman, 903-4971)

SUBJECT Review of Draft Corrective Action Decision/Record of Decision for Operable Unit 3

TO: Manager, Rocky Flats Field Office

We have reviewed the draft Corrective Action Decision/Record of Decision (CAD/ROD) for Operable Unit (OU) 3, the Off-site Areas at the Rocky Flats Environmental Technology Site. We have provided minor comments separately to John Rampe. You are hereby authorized to sign this document for transmittal to the regulators for their approval.

John Rampe and the other Rocky Flats Field Office staff who have taken the initiative to complete the CAD/RODs for several OUs at Rocky Flats should be commended for their excellent efforts and the contribution to site closure. This and the OU-1 CAD/ROD would not have been completed this soon nor as cost-effectively otherwise. We are looking forward to receiving the OU-5 and OU-6 CAD/RODs later this year
